ATTITUDE ADJUSTMENT.....by Rosie Roehm

You have seen this phrase on a big sign downtown, and probably the business establishment involved has a thriving income helping people to "adjust".

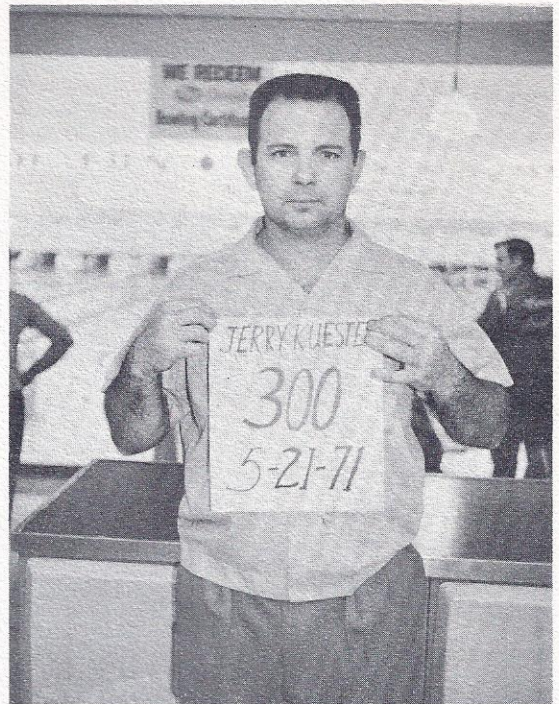

But having a bit of Scotland ancestry in my background causes me to think on the "thrifty" side, and the thinking process leans toward getting some "attitude adjustment" free. Now, how does a person go about adjusting an attitude for free?

Perhaps the following list sounds corny to some people, but after several days of looking it over, I realized it was helpful to me in many ways. First, I felt a bit lighter of heart just reading it. Second, I began thinking which suggestion I would use on what person. Third, I achieved a few degrees of improvement in my attitude when I tried any of the suggestions.

Here's my list. Perhaps you can add a few of your own.

1. Smile. (It is contagious.)
2. Pay a compliment to someone.
3. Count your blessings. (This is almost endless if you really count all of them.)
4. Say "Thank you" to someone.
5. Play with some young children or babies for a little while.
6. Do a good deed.
7. Get into a conversation with one teenager and listen awhile too.
8. Take a walk.
9. Take a long soaking bath.
10. Restyle your hair.

None of the above are expensive, habit forming, or fattening. Some are time-consuming, but maybe somewhere along the list, you can find a reason to change your attitude and who knows where the benefits will end.

BOWLING NEWS.....by Bob Schmitt

Bowling for the Hahn, Inc. team on the final session of the Friday Night Independent League at Franklin Lanes, Jerry Kuester accomplished every bowler's dream as he rolled 12 consecutive strikes for a perfect 300-game. He was battling the fates all the way. The next perfect game in the West Side bowling establishment's history would be #13 and, Hahn, in its second game of the night, was rolling on alley #13.

Jerry carries a 183 average and his highest previous game was 289. His 300 game was the first 300 at Franklin Lanes since June 4, 1968.

Jerry has already set a new goal. "I'd like to bowl a 700 and 800 series", he said. "But let's take the 700 first. We'll do it one at a time. It's a lot of pressure."

Incidentally, the Hahn bowling team finished third in the league standings. On July 10 and 11, Ron Crawford and Bob Schmitt will travel to Indianapolis to bowl in the Honor Awards Tournament sponsored by the Evansville Bowling Proprietor's Association.
